

NLC's Private E-Mail Lists for State Municipal Leagues

Below are the addresses for NLC's state league e-mail lists.

State league staff wanting to subscribe to a particular e-mail list(s) should contact Lesley-Ann Rennie at rennie@nlc.org. Your e-mail address will be added to the list, and you will start receiving discussion contributions and questions from other list members. You may reply to these messages or send new questions or discussion topics at any time. Any message you send to the list will be distributed to every other member of the list.
