

Recognizing the lack of resources available to local officials to advance civic participation and citizenship among immigrants, NLC is helping address integration and social inclusion challenges in these communities.

In order to bolster these efforts, MAII has two components:

Municipal Action for Immigrant Integration (MAII) is a new project of the National League of Cities. The primary goal of MAII is to

promote civic engagement and naturalization among immigrant communities in cities throughout the United States.

In addition, the project will establish a **knowledge-sharing network** across different cities and organizations. MAII aims to be a resource for municipal officials and community-based organizations who seek assistance in **addressing immigrant integration challenges** in their communities.

The **NewCITYzen Naturalization Campaign** will highlight the many benefits of naturalization—voting rights and beyond. After completing the CITYzenship Community Initiative, cities will use the **Campaign Toolkit to launch naturalization campaigns in their communities**. The Campaign Toolkit is available to NLC member cities.

National League of Cities

The Municipal Action for Immigrant project will provide city participants with customized levels of assistance and support to help local officials promote civic participation and naturalization. The **CITYzenship Community Initiative** is designed to help city officials establish working relationships with immigrant communities and organizations. As a result of the Community Initiative, city participants will be able to move forward in **developing an action plan to manage immigrant integration challenges** in their communities. The opportunity to participate is open to all NLC member cities, with resources and further details available on the NLC website.

INTEGRATION IS KEY

**A Resource Network, Mentoring Cities,
Promoting Naturalization
& Civic Participation**
