Re: Youth Appointments to NLC's Council on Youth, Education, and Families

Membership on NLC's Council of Youth, Education, and Families (YEF Council) is an opportunity for youth to have an ongoing voice in the work of NLC and the Institute for Youth, Education, and Families (YEF Institute), including its national efforts to promote youth participation in civic affairs.

"Being a member of the YEF Council is an amazing and unique experience that allows me to work with city councilmembers and mayors from cities across the nation and advocate for issues on behalf of the youth." – *Former YEF Council Youth Member*

NLC invites any youth leader who serves on a city's youth council, commission, or advisory board and who is also *currently* enrolled as a high school sophomore or junior to nominate himself or herself for appointment to NLC's Council on Youth, Education, and Families. The NLC President will appoint up to four young people from nominees for 12-month terms starting in March 2019. Youth may be reappointed for an additional year based upon successful completion of his or her first term.

The YEF Council includes youth members, local elected officials, and leaders in fields outside municipal government. More information on the work of the YEF Institute and the current leadership of the YEF Council is available at www.nlc.org/iyef and <http://nlc.org/council-on-youth-education-and-families>.

Meetings

The YEF Council meets up to four times during each 12-month term. Attendance at these meetings is a crucial component of Council membership.

The Council typically has a mid-summer meeting, which lasts about a day and a half and requires at least one overnight stay. **NLC will pay all necessary travel expenses incurred by the youth members when attending the summer meeting of the Council.**

Three shorter meetings will occur during NLC's national conferences. Two of these meetings will take place during two annual Congressional City Conferences in Washington, D.C., in March 2019 and March 2020. The third meeting will be held during NLC's annual conference in November 2019 in San Antonio.

Youth members of the YEF Council also serve on the Youth Delegate Planning Committee to plan and lead the youth delegate activities at all three conferences. The Planning Committee meets monthly by phone and plays an active role at each conference.

NLC does not pay travel expenses for youth to attend NLC conferences and expects that each youth member's hometown (i.e., municipal government or community partners) will cover the costs of his or her participation in the shorter meetings held during NLC's national conferences as part of their continuing support for local youth participation initiatives.
