

# NLC Rapid Response Advocacy:

## ARPA Clawback and Infrastructure Recovery Priorities

National League of Cities

**NLC** NATIONAL  
LEAGUE  
OF CITIES  
CITIES STRONG TOGETHER

# Infrastructure Recovery Priorities

- **TRANSPORTATION**: Empower local governments as a true partner in fixing **transportation** using the Surface Transportation Block Grant, safety, and technology grant programs that cities and towns of all sizes can access.
- **WATER**: Provide financing, funding and flexibility to meet the nation's growing **water infrastructure** needs and address the impacts of **climate change**.
- **BROADBAND**: Invest in **urban and rural broadband** infrastructure to close the digital divide in communities and unleash local leadership by removing obstacles to municipal, public-private, and co-op provided broadband.
- **WORKFORCE**: Invest in **skills training** to ensure that local workers can participate in building, rebuilding and maintaining our critical American infrastructure.
- Preserve ARPA funding that is meant to provide **immediate relief** from COVID-19 disruption.

# What Cities Are Asking For

## **David Sander**

Chair, Transportation and Infrastructure Services Committee  
Councilmember, Rancho Cordova, CA

## **Ellen Smith**

Chair, Energy, Environment and Natural Resources Committee  
Councilmember, Oak Ridge, TN

## **John Fogle**

City Councilor, Loveland, CO

## **Elizabeth Carr-Hurst**

Chair, Human Development Committee  
Mayor, Fairburn, GA

## Take Action

**Call your Members of Congress  
and tell them to say:**

**NO on ARPA Clawbacks but  
YES to Infrastructure.**

**Access your call script by  
scanning the barcode!**
